CITY AND COUNTY OFFICIAL PAPER.

FRIDAY, JAN. 29, 1875.

THE Musical Review with the January number commenced its second volume. It has greatly improved and we commend it to our musical friends.

THE first reports from Marysville after the flood were to the effect that the loss would exceed a million dollars. The latest information is that the loss to the merchants and business men will not reach half a million.

THE purpose of the Congressional Committee seems to be merely to determine who received the money disbursed by IRWIN. He has given the names of those to whom he dispensed coin with such a bountiful hand, yet we hear of no arrest or orders to arrest.

THEY have some water up at Sacramento. On the 25th inst. the river rose twenty-one feet six inches above low water mark. This is the highest point reached this season. The levees about the city will resist a rise of several inches more, which is not likely to come, as the water is now spread out over the valley on the Yolo side of the river.

ENGINEER CRAWFORD has received instructions from San Francisco to prepare plans for a wharf twenty-seven hundred feet in length at Truxton. It is the intention of the company to extend their wharf to water sufficiently deep to accommodate the largest class of ocean steamers. The wharf now in contemplation will reach water thirty feet in depth at low tide.

THE case of PICO vs. CUYAS has reached the Supreme Court and there it hangs with all the procrastination of a poor man's right in the law. At last accounts its consideration had been postponed until next Monday, and in consequence General HOWARD, attorney for CUYAS, is still dancing attendance on that wonderful Court, the highest, most mysterious and inexplicable in the golden land.

THE Los Angeles WEEKLY HERALD is the only quarto published in Los Angeles. Its eight broad pages are filled with interesting news for home and distant readers. It has a large circulation throughout Southern California and is the leading paper of this portion of the State. Its subscription price is but three dollars per year, which makes it the cheapest, as it is the best, weekly paper published South of San Francisco.

Suggestions to Mr. Luttrell.

The people of Los Angeles county are not pleased with Mr. LUTTRELL's offer of compromise with the Southern Pacific Railway Company. If the telegraphic report is correct, he proposes to withdraw his opposition to a change of the line of the road on condition that the company consent to sell their lands at the Government price of one dollar and twenty-five cents per acre. Should the company agree to this, of which there is little probability, and thereby secure the passage of Houghron's bill, it would work serious injury to this part of the State. There is another aspect of the case to be considered. How can an agreement to sell land at reduced price affect a contract between the people of Los Angeles county and the Railroad Company? We claim that the main trunk of the road should run through this city. More than this, we claim, and have the regularly signed contract to prove, that for a consideration to them paid the company have bound themselves to build and operate the main line of their road through this city. When these facts are made manifest to Mr. LUTTRELL, as they will be when he receives the documents forwarded by the Chamber of Commerce, we apprehend he will see the impossibility of making any kind of a compromise by which the proposed change of route may be effected.

A Prediction.

The dispatch from Mr. CROCKER to Superintendent HEWITT, announcing the early commencement of work on the San Fernando tunnel, published in the HERALD of yesterday morning, is received by the people of Los Angeles county with satisfaction. It cannot, however, be taken as evidence that the company intend to abandon the change of route provided for in Mr. Houghton's bill. It will be remembered that the bill provides for the retention of the route which will use the San Fernando tunnel, but refers to it as a branch road via Los Angeles. Mr. CROCKER telegraphs to Superintendent HEWITT that there is no intention of abandoning that route. We never supposed there was, but there appears to be a very decided intention to change it from a main to a branch line and to delay the time of completion from 1877 to 1885. Notwithstanding the efforts of the company to the contrary, we feel confident they will complete the road from Tehachape Pass to this city within the next two years. We believe this because we believe Congress will not be so unjust as to permit the company to abandon a route over which they have agreed to build the main road and in consideration of so doing have received a

large sum in the shape of subsidy from the people of Los Angeles county. Congress and a desire to head off the Texas Pacific will induce the Southern Pacific to fulfill their contract with Los Angeles county.

Condensed Telegrams.

Ex-President Andrew Johnson has been elected United States Senator from Tennessee. Rhode Island has conferred a like favor on General Burnside.

Twenty-five Senators are in favor of making a State out of Colorado Territory.

The Cincinnati Chamber of Commerce has passed resolutions favoring Government aid to the Texas Pacific Road.

A part of the Navy Department building at Washington, was destroyed by fire on the 26th inst. It was an incendiary fire and is believed to have been set by parties to destroy damaging papers which Congress has called for. It is not known as yet how well or ill they succeeded.

The National Committee of Civil Rights League, colored, have presented an address to the Senate Committee demanding the Senate bill entire, and the admission of colored people to schools, hotels, etc.

The National Republican of Washington, the Administration organ, has attacked Speaker Blaine, Senator Foster and Congressman Phelps.

The late gale has done immense damage to shipping on the English coast. The U. S. steamer Faraday has gone into a Scottish port for repairs.

The Carlists deny having proposed negotiations with the Alfonsinos for a convention.

The bark Aurora, Captain Hove, from Durban for England, has been lost at sea. Eight of the crew were drowned, and the remainder rescued. The survivors, when picked up, had been days without food.

The New Jersey Republican Caucus nominated Secretary Robeson for U. S. Senator.

The Senate Committee on Naval Affairs have agreed to recommend a discontinuance of the navy yards at Philadelphia, Washington and New London.

The President has sent to the Senate a large amount of correspondence from Louisiana, the general tenor of which is to show that the State Government has not the confidence or respect of the people.

Irwin does not know how a knowledge of the final disposition of the money he disbursed may be arrived at.

The Democrats and Liberal Republicans of Peoria, Illinois, fired one hundred guns over the election of Andrew Johnson.

The Beecher and Tilton trial has developed nothing new.

The Congressional Committee yesterday examined Governor Wells on the Louisiana Troubles. He stated that one of the men who attempted to assassinate him was his own law partner.

A Portland, Oregon dispatch says the weather is very cold. A snow late East of Walla Walla killed Mrs. Late and two children. The babe was buried in the ruins and found asleep and uninjured.

The people of Austin, Nevada are jubilant over the passage of the Austin and Battle Mountain Railroad bill by the State Legislature.

Governor Booth has offered \$2,000 for the arrest of Chavis, Vasquez's Lieutenant.

Indian troubles at Hiko, Nevada has induced a call for U. S. Troops.

It is reported that letters have been received at Hollister by Wells, Fargo & Co.'s agents and others, threatening that Vasquez is lunging the exploits of Jongquin will be revived. Somebody is playing a joke on the Hollister people.

Robert Moulton, a French wine maker, was found dead in a room in San Francisco yesterday with a fatal cut in his head and his throat cut. As there were bloody razors lying around the scene of the conclusion.

Masquerade Ball.

The Turnverein Germania are making preparations to give a grand masquerade ball on the 4th of March next.

The society has already bought some costumes and will have many more made here, so that they will be enabled to loan them at reasonable rates. A lot of selected masks will be purchased and on hand when the costumes are completed. The committee of arrangements, appointed by the society, has had full experience in conducting such balls and has already commenced the necessary arrangements.

During the evening the audience will be entertained with characteristic representations on the stage and on the floor.

THE MOST ELEGANT DINING HALL IN THE CITY. The tables supplied with the sub-tropical and delicacies when the market affords.

St. Charles Hotel Building, Main St.

Jan 27th.

Mr. Emil Harris was yesterday appointed a special detective for the city. We believe this action of the Council will meet the approval of every business man and law-abiding citizen of the community.

Several members of Mr. Crawford's surveying party have been poisoned by the poison oak. The shrub is very common in this region, and although it causes considerable inflammation it is not considered dangerous.

We publish to-day the State and county delinquent tax-list. In consequence, much valuable reading matter and some advertisements are crowded out. We trust our patrons will pardon our shortcomings this time.

J. W. Clark & Co., of Anaheim, have been appointed sole agents for Los Angeles county of the Eclipse Wind Mill by C. P. Hoag, of San Francisco, the sole agents for the Pacific Coast. These mills are put up by the above named parties and guaranteed to give satisfaction. See advertisement.

NEW TO-DAY.

A Rare Opportunity! Look Out!

Having opened a large lot of goods, which will arrive in a few days, and have sufficient space to store them, we have resolved to sell at a low quantity of the finest brands of cigars and tobacco; all different kinds of tobacco, and all kinds of goods will also be sold cheaper than at any other place in this city. Do not lose the chance of getting these at a low price, cheap, and at a time of the year when tobacco is Identical. For cigars and tobacco, either pipe will do, but for smoking goods, call at 33 Main street, to J. W. CLARK & CO., GOLDSMITH & DAVIS.

The Ideal, 33 Main street, and at 107 Main street, next to W. F. & Co's Express.

FOR SALE.—A FINE YOUNG ORCHARD containing about 300 trees; also, a variety of fruit trees such as walnut, Italian chestnut, apricot, pear, peach, etc., located in the city of Los Angeles, on Main street, between 3rd and 4th, on corner of Main street and containing laurels. Apply to W. H. MACE, Jan 28th. Postoffice box 361 Los Angeles.

NOTICE.

THE LOS ANGELES CITY AND COUNTY Publishing and Printing Company.—Principal place of business, Los Angeles, Los Angeles, California.

THOMAS BOLD,

THE LODGE, GREEN MEADOWS, LOS ANGELES.

LOCAL BREVIETIES.

No business in the Courts yesterday. All the hotels in the city are crowded.

About twelve inches of rain fell at Anaheim in the last storm.

Regular trains are now running on the San Fernando, Spadra and Wilmington branches.

Mr. J. W. Wolfenberg will leave us in a few days to attend the Grand Lodge of the Knights of Pythias.

A construction train was sent out on the Anaheim branch yesterday, to repair the damaged track.

The Orizbara lay in the lee of Santa Catalina Island during the storm of Monday and Tuesday evening.

J. L. Ward has removed his insurance and brokerage office to No. 36 Main street, Backman House.

Gilt-edge butter at the Grange Store from Howard & Shaffer's Dairy, Point Reyes.

Work was resumed yesterday upon Signoret's new building, which has been at a stand-still for some time, on account of the storm.

Dr. W. Hazelton, dentist, formerly at No. 74, Main street, has removed to rooms on the corner of Spring and Temple street, opposite Temple's Bank.

The Eastern mail which was due here Wednesday, reached the Postoffice at 2 p. m. yesterday. Yesterday's mail arrived at 8 o'clock last evening—twelve hours late.

The Ventura for San Francisco, calling at Santa Barbara and San Luis Obispo for passengers only, sails from San Pedro to-day. Steamer train leaves the depot at 10:15 a. m.

COMMON COUNCIL.

Summary of Yesterday's Proceedings.

The Council met at the usual hour with Mayor Baudry in the chair.

The petitions of Louisa de Sepulveda and the Ybarra Brothers were granted.

The proposition to require bonds from policemen in the sum of \$2,000 each, was voted down.

Uniforms and stars for the police similar to those used in San Francisco were adopted.

The proposition to fume Zanja No. 5, was referred to the Committee on Zansas.

The Committee on Gas was allowed one week further time to report on the proposition of the Lewis Brothers.

The petition of Jas. Allen to be allowed further time for lowering side-walk in front of his premises was tabled.

The City Surveyor recommended that the grades on Main, Temple and Spring streets be modified. **No action.**

A report of the Board of Public Works on establishment of grade on Olive street was tabled and the matter referred to the City Surveyor. A new street from Alameda to the river ordered to be opened in accordance with petition of Kerchavel and others.

It was ordered that, upon the opening of any new street, monuments shall be set by the City Surveyor to define the lines.

Captain Borrowe petitioned for the privilege to close streets while grading, a block at a time. Allowed to close one-half of street without impeding sidewalk.

A protest from property-owners was received, against the lines established on Figueras street by Capt. Moore, referred to the Committee on Lands, City Surveyor, and City Attorney.

A petition from H. Heine was received, asking that Lot 1, Block E, on Fort Hill, belonging to the city, be sold at public auction. **Referred to Committee on lands.**

A petition from T. W. Temple was referred to the same committee.

A petition from J. S. Slanson and others was received and granted.

A petition of Allen Wheox to build firehouse inside of fire limits was refused.

A similar petition from Williams & Smith to enlarge frame building was refused.

The Committee on Finance was allowed further time to report on the petition of C. Flahr.

Mr. Emil Harris presented his resignation from police force. Accepted. On motion, he was then appointed a special police detective; salary \$80 per month.

The Board of Public Works was authorized to order drains laid across Spring street at crossings.

The Board of Public Works was instructed to investigate the condition of Washington street, and report.

The street leading to the cemetery was ordered to be repaired by the chain-gang.

The drivers of city carts were prohibited from cleaning out back yards of private individuals.

The horse police were ordered to remain mounted while on duty and to keep in the outskirts of the city.

The chain-gang was ordered to be under the direction of the Board of Public Works, Marshal and City Surveyor.

The Marshal was authorized to supply a vacancy in the police force for one week.

The Finance Committee was instructed to report the amount of funds available for improvement of city plaza and park areas.

A number of bills were received and referred to the Finance Committee.

Adjourned.

Delinquent Tax List,

Of Los Angeles County, California, for the Fiscal Year, A. D. 1874-5.

NOTICE IS HEREBY GIVEN, THAT pursuant to the provisions of the Code, relative to the revenue, I shall on

Saturday, the 27th day of February, A. D. 1875,

at 11 o'clock A. M., in front of the County Court House, in the city and County of Los Angeles, to collect the taxes from the day due, to the Public Auditor, on the 1st of April, and the real estate upon which the delinquent Taxes, described in the following list, are a lien to pay such taxes, and all costs, together with all costs and percentages, shall not be paid prior to that date.

WM. R. ROWLAND,
Tax Collector of Los Angeles
County, State of California.

Dated, Los Angeles, January 29, 1875.

NOTICE IS HEREBY GIVEN, THAT

ONE DOLLAR per square of ten lines, first insertion, and TWENTY-FIVE cents per square for each subsequent insertion.
